Work Experience

June 2016-Present SMA-America Rocklin, CA

Marketing Video Production Intern

- Pre-Production, Production, Post-Production
- Marketing Photographer

Managed all video projects in the Americas for the company including: company, product, training, and customer videos. Many projects are filmed on location outside of the office and some projects require long distance travel. Trusted with sensitive and confidential material. Company photographer for marketing purposes as well as professional headshots of domestic GMs, VPs, Directors, and other employees.

August 2004-August 2013 Intel Corp. Folsom, CA

Sr. Administrative Assistant

- Video/Audio Technician
- Produced Corporate Video Interviews of CIOs
- Produced Marketing Videos for IT collaboration tools

Extensive business operations including hiring, organization administrative management. Including being a lead administrative assistant for a multi-site organization. Video production for collaboration and marketing internally. Worked closely with CIOs, VPs, GMs, and Directors of multiple organizations. Helped manage large face to face meetings with over 300 attendees. Was the meeting A/V technician for all meetings within IT for other business groups. Managed business operations including: strategic objectives, employee ergonomics, large office moves, relocation, website management, and much more. Managed expense reports, international travel, passport/visa processes for business travel, as well as organized small and large events, including being the lead administrative event coordinator for the annual Diversity Day festival that had an attendance of 6,000 employees.
